

CUEN Welcome Squash

6:30pm

Monday 15th October 2012

Lecture Room 4

Department of Engineering

Cambridge University Energy Network

RECRUITING NOW!

CUEN serves to promote the exchange of ideas and interest in energy generation for our World's future through seminars, documentary screening and discussion groups.

CUEN is a multidisciplinary platform, which helps to establish connections between both people within the University and industry.

For more information about what we do, please visit:
