

Irene for ACADEMIC

My name is Irene Yu. I am a second year student in economics at Hughes Hall and I am running for academic officer.

This year, I worked as an equality officer at Hughes Hall, a Pink week college representative, and a vice president in Women in Business & Finance society.

I therefore understand that organizing such events is a lot of work, but first and foremost, I believe it is a great opportunity to bring interesting, intelligent and enthusiastic people together. Especially, we at Hughes are such a diverse group of people, with unique potential and an appreciation for speaker events.

My Goals

As your academic officer, I would be responsible for organising academic events as well as keeping track of the academic and learning resource needs. Therefore, I would like to

- 1. Encourage the organisation of a broader range of academic events to suit the needs of the whole student body**
- 2. Work with the academic committee to make scholarships available to a wider range of students**
- 3. Work to provide wider subsidy on academic matters such as travel grant, and learning language courses**
- 4. Organise more classes regarding academic writing, public presentation, and discussion**
- 5. Organise a plethora of networking events with Hughes alumni**
- 6. Continuation of current successful events; such as 3MT competition**
